

MONTHLY WASH CLUB

MULTI VEHICLE / FLEET PLANS / SERVICE DISCOUNT

- A second or more vehicles can be tied to the original wash club account and monthly CC Charge each month by our staff once the wash club is established. You can stop by our BB Capps or Race St locations during normal business hours, or you can also email one of the below email addresses for our staff to set up properly in our system.
- It is easiest to sign up for all monthly plans at our kiosks for each unique vehicle. The first month sign up for all is for the discount price listed below. You would have a month to let our staff know to move any newly set up accounts that a discount should apply to for us to tie it to one in our system already in place. Also, a month to present your proof of service to our staff for us to move the newly set up monthly plan to the discounted price for all future monthly charges. If you have several vehicles that you want added to a fleet plan then it may be best for us to set them up manually by either visiting one of our offices during normal business hours or emailing one of the emails below to get started.
